

Preceptor Biography

Name: Donna Salmiery, PharmD

Primary Practice site: VAMC, Primary care Team 1

School of pharmacy: Albany College of Pharmacy, University of Florida

Residency program: N/A

Usual daily activities: PACT team pharmacist. Run a clinic focusing on patients in anticoagulation, diabetes, hyperlipidemia and hypertension. Also serve as a pharmacist for primary care team, taking care of med renewals, non formulary requests, and providing drug information to providers.

What you like most about working for the Martinsburg VAMC: The people here are wonderful. I like the family-type atmosphere that we have in the pharmacy. I have a lot of autonomy in my clinic, as I schedule my own patients. There is also opportunities for advancement and continuation of learning. I am usually sent on conferences every year to learn and network with people from other VA's. I also like the great benefits and salary!

Other interests:

Pharmacy: Ambulatory care, nutrition, herbal medicines

Personal: Spending time with family, reading, going to the gun range
